Product Overview

The Powerology FlipMag 10000mAh MagSafe Power Bank is a versatile and efficient charging solution for modern devices. This power bank is equipped with a foldable design, making it easy to carry and store. It features a USB-C in/out port for fast and convenient charging, and is compatible with MagSafe, allowing seamless attachment to MagSafe-enabled devices for wireless charging. With a powerful 30W PD and 25W Qi2 wireless charging capabilities, this power bank ensures quick and efficient power delivery. The next-gen semi-solid battery technology enhances performance and durability, providing a reliable energy source for your devices. Additionally, the power bank has a digital display that shows real-time battery levels, keeping you informed of its charging status. Perfect for on-the-go users, the Powerology FlipMag is a must-have accessory for anyone looking for a compact, high-performance power bank with MagSafe compatibility.

Specifications

Battery Capacity	10000mAh, 38.5Wh
USB-C Port Input	5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A, 30W Max
USB-C Cable Input	5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A, 30W Max
USB-C Port Output	5V/3A, 9V/3A, 12V/2.5A, 20V/1.5A, 30W Max
USB-C Cable Output	5V/3A, 9V/3A, 12V/2.5A, 20V/1.5A, 30W Max
Phone Wireless Output	5W, 7.5W, 10W, 15W, 25W Max
Watch Wireless Output	2.5W Max
Simultaneous Output	15W Max
Integrated Grip Cable	225mm USB-C Cable

Product Material	ABS+PC
Product Weight	288.5g
Product Size	68.8 x 119.7x22.1mm
Model Number	PPBCHA106

Product Features

- 1. Foldable Design:** The compact and foldable design of the Powerology FlipMag makes it incredibly portable and convenient for on-the-go use. The folding feature allows you to easily carry it in your bag or pocket without taking up much space, ensuring that it is always ready to be used when needed.
- 2. MagSafe Compatibility:** This power bank is compatible with MagSafe-enabled devices, allowing for seamless and efficient wireless charging. Simply attach the power bank to your device, and it will begin charging without the need for cables. This feature enhances convenience and reduces clutter, making it an ideal solution for users with MagSafe-compatible phones.
- 3. USB-C In/Out:** Equipped with a USB-C port for both input and output, this power bank supports fast charging for a wide range of devices. The USB-C port ensures a quick and reliable connection, whether you are charging the power bank or your devices, and provides versatility for modern electronics that rely on USB-C connectivity.
- 4. PD 30W Charging:** With Power Delivery (PD) technology offering up to 30W output, this power bank ensures rapid charging for compatible devices. Whether you're charging your smartphone, tablet, or other electronics, the 30W PD output helps save time, quickly providing your devices with the power they need.
- 5. Qi25 2W Wireless Charging:** The Powerology FlipMag supports 25W wireless charging using Qi2 technology. Qi2 is the next generation of wireless charging, offering a faster and more efficient charging experience. You can easily charge your devices by placing them on

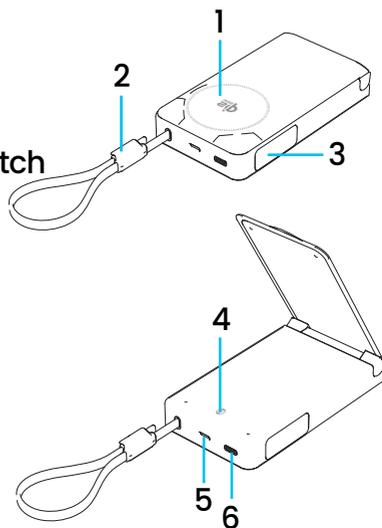

the power bank, ensuring both convenience and speed without any tangled wires.

6. Next-Gen Semi-Solid Battery: The next-generation semi-solid battery inside the FlipMag ensures longer-lasting power and enhanced safety. This advanced battery technology provides high energy density, improving overall performance and helping to extend the battery life of the power bank, which is essential for frequent use.

7. Digital Display: The power bank features a digital display that shows the remaining battery level in real-time. This makes it easy for users to monitor the power status of the bank and know when it's time to recharge. The display adds a touch of modernity and helps ensure you're never caught off-guard with a dead power bank.

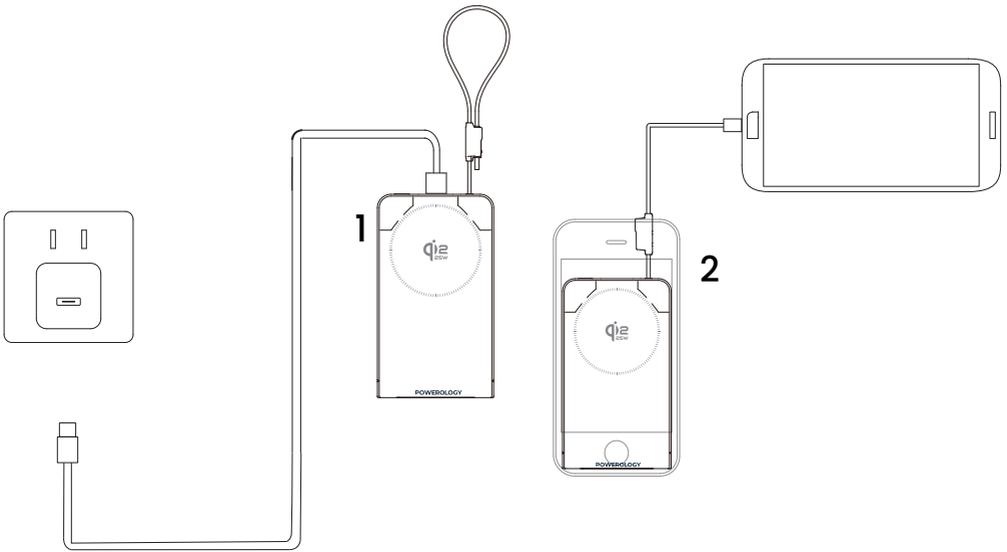

Product Components

1. Wireless Charging Area
2. USB-C Cable Input/Output
3. Digital Power Display
4. Wireless Output for Apple/Samsung Watch
5. USB-C Port Input/Output
6. ON/OFF Button

Charging Methods

1. Use USB-C charging cable to charge the power bank.
2. Recharge two phones at the same time.

Safety Instructions

1. The power bank will generate heat during charging. Always charge it in a well-ventilated area. Do not charge it under pillows, blankets, or on flammable surfaces.
2. Keep the power bank away from heat sources, direct sunlight, combustible gases, humidity, water, or other liquids.
3. Do not disassemble, open, microwave, incinerate, paint, or insert foreign objects into the power bank.
4. Do not subject the power bank to mechanical shock, such as crushing, bending, puncturing, or shredding. Avoid dropping or placing heavy objects on the power bank.
5. Do not short-circuit the power bank or store it in a container where it may be short-circuited by other metallic or conductive objects.
6. Do not operate the power bank if it has been exposed to water or otherwise damaged, to prevent electric shock, explosion, or injury. Contact an authorized dealer for assistance.
7. Power bank usage by children should be supervised.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 12-month warranty.

The 12-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website <https://www.powerology.me/warranty> and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 12-month warranty period.
