## Product Overview

The Powerology Bahamas 10000mAh Power Bank is designed to keep your devices powered on the go. With a sleek and travel-friendly design, it provides the perfect blend of portability and functionality. This power bank features a 20W PD (Power Delivery) output, making it suitable for fast charging of a wide range of devices, including smartphones, tablets, and more. It offers both Lightning and USB-C input/output ports, allowing you to charge and power up multiple devices simultaneously. The included USB-C grip cable ensures convenience and ease of use, while the built-in battery indicator keeps you informed about the remaining charge. Whether you're traveling or just need reliable power throughout the day, the Powerology Bahamas Power Bank is the perfect solution for all your charging needs.

## Specifications

Material	Zinc Alloy
Battery Capacity	10000mAh
USB-C Input	5V/3A, 9V/2.22A, 12V/1.67A, 20W Max
Lightning Input	5V/3A, 9V/2A, 12V/1.5A, 18W Max
USB-C Output	5V/3A, 9V/2.22A, 10V/2.25A, 12V/1.67A, 22.5W Max
Lightning Output	5V/3A, 9V/2.22A, 12V/1.67A, 20W Max
SCP	10V/2.25A
Total Output	5V/3A, 15W Max
Included Grip Cable	22cm USB-C to USB-C Cable
Product Weight	190g
Product Size	33.75 x 62.22 x 63.7mm
Model Number	PPBCHA103

## Product Features

- A. 20W Power Delivery (PD) for fast charging:** The power bank supports a 20W Power Delivery output, enabling rapid charging of devices such as smartphones, tablets, and other USB-C or Lightning-compatible gadgets. This ensures your devices are powered up quickly and efficiently.
- B. Supports Lightning and USB-C In/Out ports:** This feature offers versatile charging options, with both Lightning and USB-C ports for input and output. You can use it to charge your devices or recharge the power bank itself, providing flexibility for different devices and cables.
- C. Multi-device charging capability:** The power bank can simultaneously charge multiple devices, making it ideal for those who need to power up more than one device at a time, whether it's your phone, tablet, or any other electronic device.
- D. Travel-friendly design for easy portability:** Designed with portability in mind, the compact and lightweight construction makes it easy to carry the power bank in a bag or even a pocket, ensuring you're never without a charge while on the go.
- E. Includes USB-C grip cable for added convenience:** The power bank comes with a USB-C grip cable, offering a practical solution for easy connection and charging. The built-in grip makes it simpler to handle and use, especially when you're on the move.
- F. Battery indicator to monitor charge levels:** A built-in battery indicator displays the current charge level of the power bank, so you'll always know when it's time to recharge the power bank itself, ensuring you don't run out of power unexpectedly.

## Safety Precautions

- 1.** Keep the power bank away from high heat sources or direct sunlight, and do not expose it to temperatures below 0°C or above 45°C, as this can damage the battery and reduce performance.
- 2.** To ensure safe and efficient charging, use the included USB-C grip

cable or other compatible, certified cables. Avoid using low-quality or counterfeit cables as they may pose a risk of overheating or damage to the device.

**3.** The power bank should not be opened or tampered with. Disassembling the device may result in damage, risk of fire, or exposure to harmful chemicals.

**4.** Always charge the power bank in a well-ventilated space to avoid overheating. Never cover the device with materials like blankets or pillows while charging.

**5.** The power bank is not waterproof. Keep it dry at all times to avoid short circuits or electrical failure. If it gets wet, immediately disconnect it from any devices and allow it to dry completely before using it again.

**6.** This device contains small parts and a lithium-ion battery, which could be hazardous if mishandled. Keep the power bank out of reach of children to avoid accidental ingestion or misuse.

**7.** Never throw the power bank into fire or expose it to high flames. Doing so may cause a hazardous reaction, including battery explosion or fire.

**8.** Always keep an eye on the power bank while charging, especially for extended periods. If the device shows signs of overheating, unusual odor, or leakage, unplug it immediately and discontinue use.

## **FCC Statement**

**1.** This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

**(1)** This device may not cause harmful interference; and

**(2)** This device must accept any interference received, including interference that may cause undesired operation.

**2.** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against

harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

## **Disposal**

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Powerology** website or shop come with a 12-month warranty.

The 12-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website <https://www.powerology.me/warranty> and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 12-month warranty period.
