Product Overview

VORO LUXE is a pair of open-ear clip USB-C wired earphones designed for comfortable everyday listening while maintaining awareness of the surrounding environment. Its lightweight clip-on structure, dynamic drivers, built-in microphone, braided cable, and in-line volume controls support audio playback and hands-free communication.

Package Contents

1. VORO LUXE × 1

Safety Instructions

Warning:

1. Do not listen at high volume for long periods — prolonged exposure to loud sound can damage your hearing.
2. Do not use the product while driving, cycling, or in any situation where reduced awareness of surrounding sounds is dangerous.
3. Do not wrap the cable around the neck or wear the product while sleeping — entanglement may cause injury.
4. Do not use the product if the cable, connector, or housing is damaged.
5. Do not connect the USB-C plug when it is wet — moisture may cause a short circuit or damage the connected device.
6. Do not modify, open, disassemble, or attempt to repair the earphones; contact authorised service personnel if service is required.

Attention:

1. Stop using the product if you experience skin irritation or discomfort from prolonged contact.
2. Keep the product dry; do not immerse it in liquid.
3. Disconnect the product before cleaning, and clean it only with a soft, dry cloth.
4. Hold the USB-C connector when disconnecting it; do not pull the cable.
5. Keep the product away from heat sources and direct sunlight.
6. Store the product with the cable loosely coiled to prevent damage.
7. Keep this manual for future reference.

Usage Instructions

1. Connect the Earphones

Reduce the connected device's volume before use.

Insert the USB-C connector fully into a compatible smartphone, tablet, laptop, or other audio device.

Select the USB-C audio output on the connected device if it is not selected automatically.

Start audio playback and gradually adjust the volume to a comfortable level.

2. Wear the Earphones

Identify the left and right earpieces.

Position each open-ear earpiece beside the corresponding ear.

Place the flexible clip around the ear so the earpiece rests securely without blocking the ear canal.

Adjust each earpiece until the fit is stable and comfortable.

3. Control Audio Playback

Use the plus button on the in-line control to increase the volume.

Use the minus button to decrease the volume.

Operate the controls gently and avoid pulling on the cable.

4. Manage Calls

Leave the USB-C connector attached to the device when a call arrives.

Speak toward the built-in microphone for hands-free communication.

Use the plus and minus buttons to adjust call volume as needed.

Specifications

Frequency Response	20Hz–20kHz
Speaker Size	Ø14.2mm
Speaker Impedance	32Ω
Speaker Sensitivity	105 ± 3dB
Microphone Sensitivity	-42 ±3dB
Cable Length	1.2m
Connector Type	USB-C
Product Material	ABS + TPE
Product Weight	17g
Model Number	PWXYS01

Features

1. Lightweight clip-on open-ear design for comfortable wearing and environmental awareness
2. 14.2 mm dynamic drivers for immersive audio
3. In-line volume controls
4. Built-in microphone for hands-free communication

5. Durable 1.2 m braided cable
6. USB-C connector
7. Ergonomic fit

Care and Maintenance

1. Keep VORO LUXE in Good Condition

Disconnect the USB-C connector before cleaning.

Wipe the earpieces, cable, and in-line control with a soft, dry cloth.

Remove surface debris from the earpieces without inserting objects into openings.

Keep the connector clean and dry.

Coil the cable loosely for storage; do not fold, knot, or sharply bend it.

Pull the connector housing rather than the cable when disconnecting the earphones.

Store the earphones where the cable and clips will not be crushed or stretched.

Frequently Asked Questions

1. Which devices can I use with VORO LUXE?

Use VORO LUXE with compatible USB-C smartphones, tablets, laptops, and other devices that support audio through their USB-C port.

2. Do VORO LUXE earphones require charging?

No. VORO LUXE receives audio through its USB-C connector and does not require separate charging.

3. Can I remain aware of my surroundings while listening?

The open-ear design leaves the ear canal unobstructed to support surrounding awareness; keep the volume at a level that still allows you to hear important external sounds.

4. How should I clean VORO LUXE?

Disconnect the earphones and wipe them with a soft, dry cloth. Keep moisture and cleaning liquids away from the connector, microphone, controls, and speaker openings.

5. Why is the USB-C connection not detected automatically?

Confirm that the connected device supports USB-C audio, reconnect the plug fully, and select the USB-C audio output in the device settings if required.

Troubleshooting

Problem	Likely Cause	Solution
VORO LUXE does not produce sound	The USB-C connector is loose or the audio output is set incorrectly	Reconnect the plug fully, select the USB-C audio output, start playback, and raise the volume gradually.
VORO LUXE is not detected	The connected device may not support audio through its USB-C port	Confirm USB-C audio compatibility and test the earphones with another compatible device.
Sound plays through the connected device instead of VORO LUXE	The device retained its previous audio-output setting	Open the device's sound settings and select the USB-C audio output.
Sound is heard from only one earpiece	The connector is not fully inserted or the audio balance is offset	Reconnect the plug and check that the device's left-right audio balance is centred.
Audio is intermittent or distorted	The connector is loose, dirty, or under strain	Disconnect the earphones, check that the connector is clean and dry, reconnect it fully, and avoid bending the cable near the plug.

Problem	Likely Cause	Solution
Volume is too low	The device volume is low or an output limit is enabled	Raise the volume with the in-line control and connected device, then check the device's volume-limit settings.
In-line controls do not respond	The connection is incomplete or the device does not support every control function	Reconnect VORO LUXE and test the controls with another compatible USB-C audio device.
The microphone does not work	Microphone access is disabled or the wrong input is selected	Allow microphone access for the active application and select the USB-C microphone in the device's audio settings.
Callers hear weak or unclear audio	The microphone is obstructed or too far from the mouth	Ensure the in-line microphone is unobstructed and position it closer to the mouth without rubbing it against clothing.
The earphones feel loose or uncomfortable	The clips are not positioned correctly	Remove the earphones and reposition each clip around the corresponding ear until the earpieces are stable and comfortable.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our Powerology website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our Powerology website or store. If Powerology products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website www.powerology.me/warranty and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
