Made in China

# Specifications

GEAR	Low	Mid	High
Luminous Flux	1200lm	2500lm	4000lm
Battery Life	9h	4.5h	2h
Illumination Distance	39m	56m	75m

Brightness	4000lm (Warm + White Light)
Battery	Dual 1700 mAh, 7.4V, 4000mAh
Light Modes	SMD Low, SMD Medium, SMD High
Runtime	2h/3.5h/7h
Charging Time	7 hours (5V/2A)
Charging Port	USB Type-C
Water Resistance	IPX4
Folded Dimensions	80x10x9.5 cm
Max Height	182 cm
Material	ABS + Aluminum Alloy

## Caution

- Electric Shock Risk: Use caution while near water or in areas where water could pool.
- Keep receptacles and plugs dry.
- Avoid looking straight at illuminated bulbs to prevent eye injuries.
- The work light should always be kept away from flammable objects or surfaces.
- Before using the work light, make sure any worn-out or broken parts are checked.
- The operation of the work light will be impacted by broken parts. Should repairs be necessary, speak with a qualified technician.
- This product should never be cleaned with a pressure washer.

# Product Structure

---

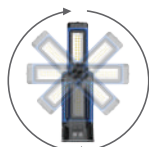

## Brightness Control

Settings: Low, Medium, High  
Modes: Yellow, White

## Charging Port

USB Type-C

## Swivel 360°

Full rotation for versatile angle access.

## Swivel 180°

Turn the light source in a half circle to direct light exactly where it's needed.

## Tripod Release

Push button for easy deployment.
