6 AC MULTI-PORT POWER STRIP 48W

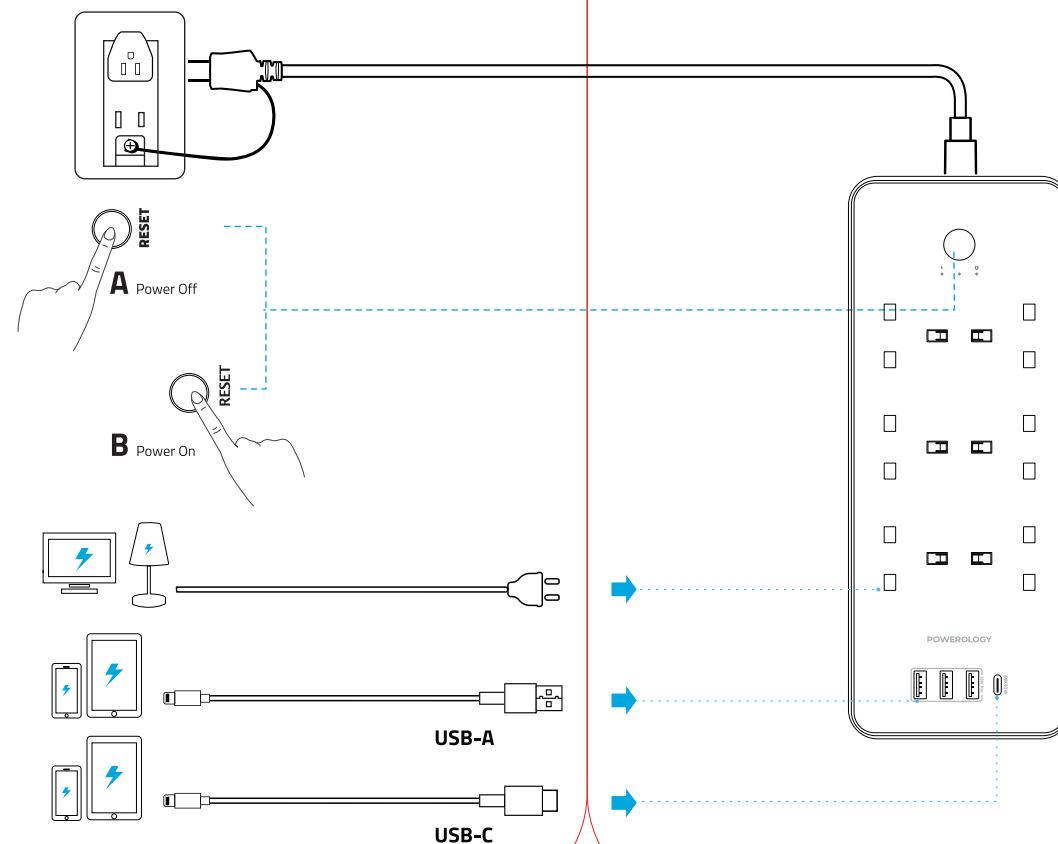

Barrette d'alimentation multi-ports 48W

PWPS48WBK

Overview

Using Your Smart Power Strip

- When the item is turned on, Surge Protection light and Power light turn Blue.
- Tip 1: The surge protection feature can protect your computers, smartphones and other electronic equipment against voltage fluctuations, surges, and spikes. If the Surge Protector Light is off, it indicates the surge protector is not functioning normally.
- Tip 2: In the event of a power overload, the On / Off Switch will cut off the power automatically.

Safety

- Do not connect PowerPort Strip to an ungrounded outlet.
- Do not use with extension cords.
- Do not exceed electrical ratings.
- Use in dry locations and indoors only.
- Install PowerPort Strip away from heat-emitting appliances such as radiators.
- Keep children away from PowerPort Strip.
- Do not connect one PowerPort Strip after another.
- Do not cover PowerPort Strip when in use.
- To disconnect the power, unplug PowerPort Strip.
- Make an earthing connection before plugging the mains plug to the mains, and when disconnecting the earthing connection, disconnect after unplugging the mains plug from the mains.

Specifications
