Hybrid ANC Headphone

SKU: PWLAU016

Table of Contents

Safety Precautions

1. Do not try to disassemble or repair the product yourself. Please contact the professional service agents for assistance.

2. Avoid using the product in high temperatures or near heat sources, as the built-in battery may be affected.

3. Use the provided Type-C cable to charge the product.

4. Extended exposure to loud volumes may cause hearing damage. It's recommended to set the volume at a safe level.

5. For your safety, avoid wearing the headset while driving, as it may cause distractions.

6. Be aware of your surroundings when using the headset to avoid potential hazards.

7. Dispose of or recycle the product following local environmental regulations.

❶ Transparent Mode
❷ ANC On/Off
❸ Power On/Off

Note:

1. Prolonged exposure to high sound pressure levels can occur.

2. Continued use at high volumes can lead to hearing impairment.

3. It is advisable to avoid listening at high volume levels for extended periods to prevent potential hearing damage.

Charging

Note: Please charge the headset before its initial use.

Step 1: Connect one end of the Type-C cable to the Type-C connector on the headset.

Step 2: Attach the other end of the Type-C cable to a compatible adapter and plug the adapter into an electrical outlet.

Wired Charging

Charging Indicator

1. Charging: The indicator displays a solid white light.
2. Fully Charged: The indicator turns off.
3. Low Battery: The indicator flashes in red light.

Tips

1. It is advisable to charge the headset when it is powered off.
2. When the headset's battery is low, the Charging Indicator will flash red every 5 seconds, and you will hear a "Dingdong" sound.
3. The headset typically reaches a full charge in about 3 hours, and the maximum operating time is 46 hours.

Power On/Off

[A] Power On

To activate the headset, press and hold the power button ⏻ for 2 seconds. You will hear "Power on."

## [B] Power Off

To turn off the headset:

1. Press and hold the power button ⏻ for 4 seconds. The red indicator will flash three times and then turn off, accompanied by the audible message "Power off."

2. The headset will automatically turn off if ANC and Ambient modes are off, and it is not connected to any Bluetooth device within 5 minutes.

3. The headphone will automatically turn off after 10 hours if ANC or Ambient mode is active but the device failed to connect with any Bluetooth device.
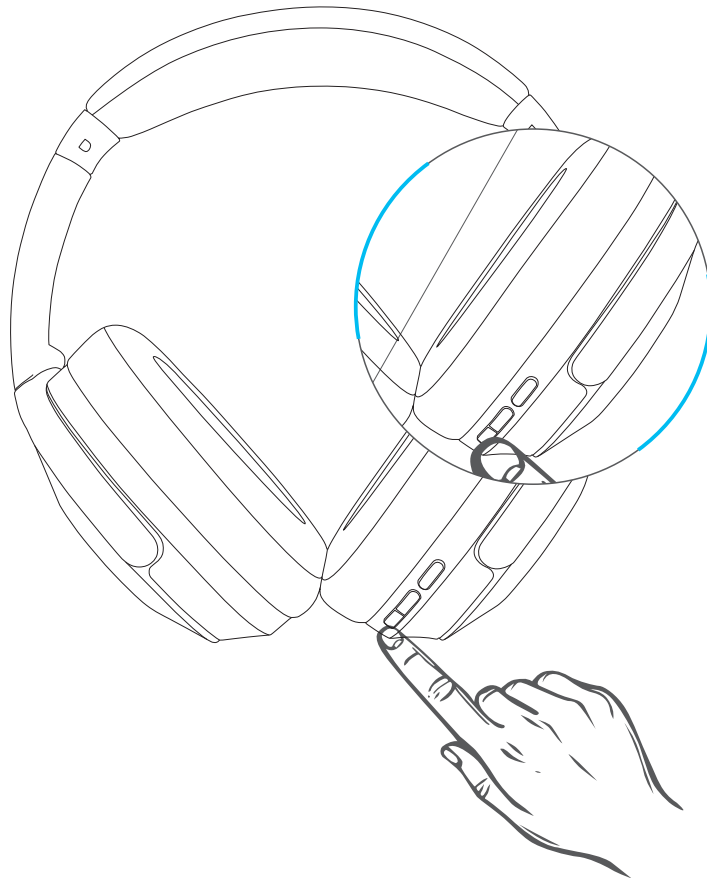

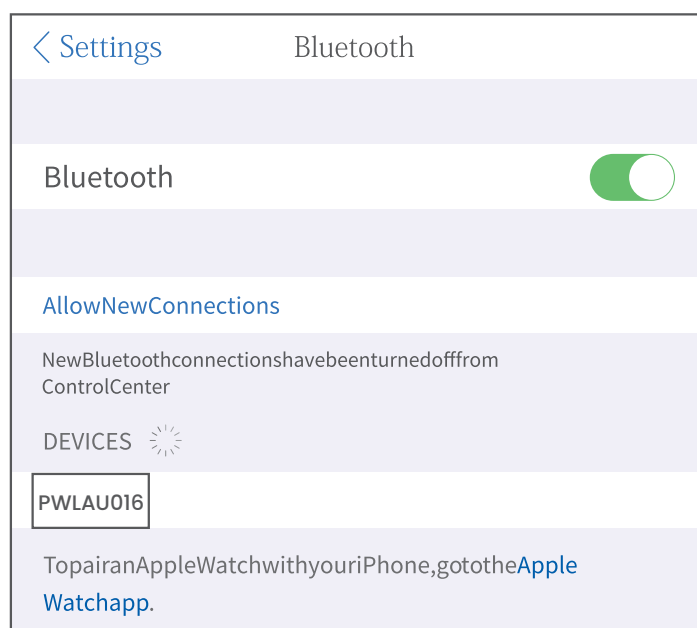

Connection Instructions

[A] Wireless Connection

Step 1: After you power on the headset, the blue indicator will turn on for 3 seconds and then quickly flashes in red and blue light colors. You will hear "Power on," indicating that the headset is ready to be paired with your mobile device.
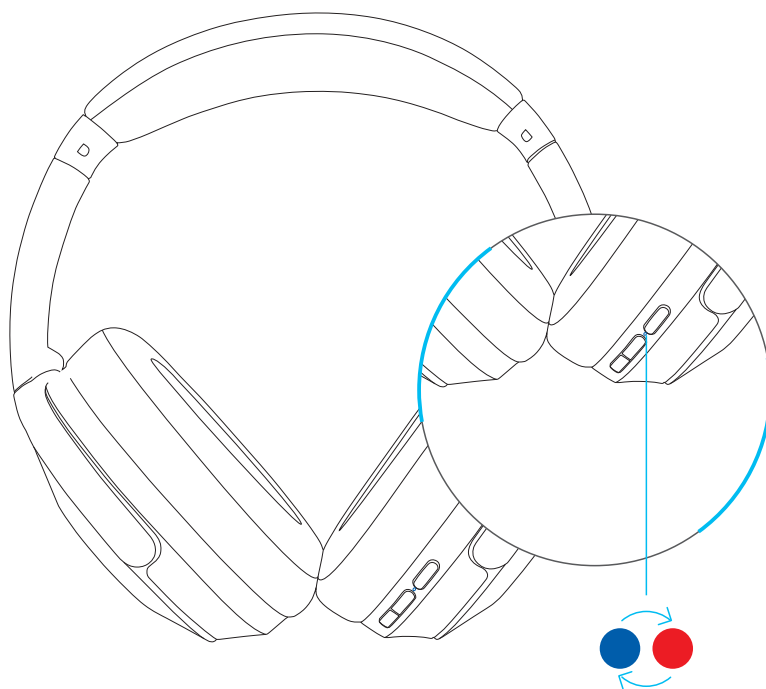

Step 2: Activate the Bluetooth on your mobile device, then select "PWLAU016" from the list of available devices to connect.

Step 3: Upon successful connection, you will hear "Connected" announced through the headset, and the blue indicator will flash once after 6 seconds.

Note: The device supports simultaneous connections to two mobile devices.

Tips 💡

[1] Please pair the headset with your mobile device within 5 minutes of turning it on.

[2] If you power off the headset, it will automatically reconnect to the last paired mobile device when powered on again.

Disconnect

Navigate to the Bluetooth settings on your mobile device, select "PWLAU016", and choose 'Disconnect/Unpair' to sever the connection with the headset. You will hear a voice prompt confirming "Disconnected".

[B] Wired Connection

Step 1: Connect one end of the 3.5mm audio cable to the headset.
Step 2: Insert the other end of the 3.5mm audio cable into the audio jack of your mobile device.
