Working Temperature	-10°C to 55°C

Features

1. Discover a groundbreaking approach to headphone wear with a multi-mechanic support system that offers stable, sensory-free use all day long without any discomfort. These headphones are more comfortable than traditional in-ear or semi-in-ear models and surpass bone conduction headphones in both comfort and sound quality.

2. Perfect for various settings including running, coffee shops, business travel, and more. Wear them comfortably throughout the day without any burden. They are compatible with glasses, and can be worn behind the ears, providing a seamless experience no matter the activity.

3. Advanced Technology: Equipped with a special software algorithm and a patented mechanical design that ensures others cannot hear your private conversations or the audio playing in your headphones.

4. Advanced Audio Technology: Equipped with a new 12X17mm oval patent driver that enhances the sound quality to a premium level.

5. Full-color high-definition screen with multiple functions offers a wide array of features including: Answering, ending, and rejecting calls, Activating Siri or Google Assistant, Music playback controls: play, pause, skip to the next track, or go back to the previous track, weather reports and remote camera functions, Receiving message reminders and setting timers, Adjusting EQ settings, downloading wallpapers, and controlling volume.

Instructions for Use

A. First Use

Remove the protective film from the screen and charge the case to activate the earphone.

Please charge before first use.

B. App Connectivity

Navigate to the settings on the screen, find and scan the QR code to download the TB Audio app. Alternatively, you can search for "TB Audio" in your app store to download the app operating instructions.
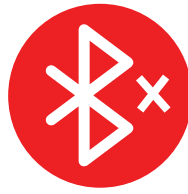

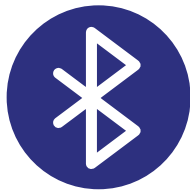

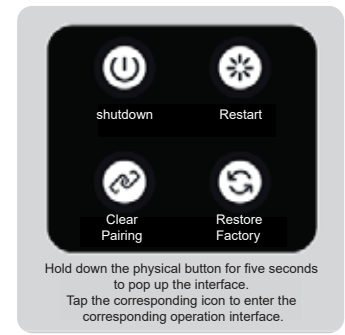

Scan the QR code

FCC Statement

Important: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.

2. Increase the separation between the equipment and receiver.

3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

4. Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

• This device may not cause harmful interference.

• This device must accept any interference received, including interference that may cause undesired operation.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website **powerology.me/warranty** and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
