Note:

1. **iOS Update Requirement:** Ensure that all iPad models are updated to iOS 12.2 or higher for compatibility with this stylus.
2. **Previous Pairing:** If your iPad has been previously paired with an Apple Pencil, please unpair it before using this stylus to ensure optimal performance.

Check Compatibility

1. To locate the model number of your iPad, navigate to: Settings > General > About > Model Number.
2. Alternatively, please verify the model number on the back of your iPad device.

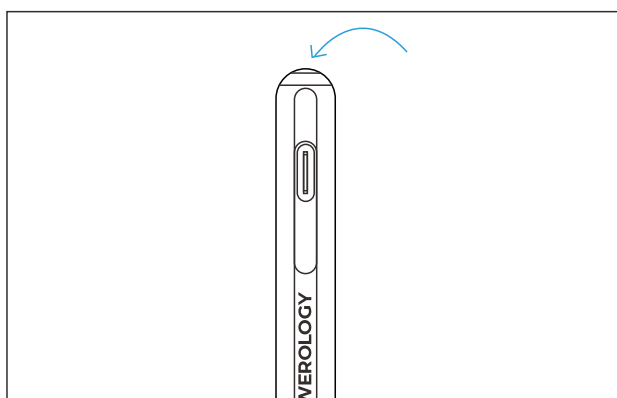

Instructions for Connection

This stylus does not have a Bluetooth function and does not require the installation of Bluetooth or any apps. Simply activate it by pressing the power button.

1. To ensure compatibility, go to: Settings > Apple Pencil > and turn off "Only Draw with Apple Pencil".
2. If your iPad has been previously connected to an Apple Pencil, please disconnect it before using this stylus by following either of these steps:
 - [1] Settings > Apple Pencil > then deselect the Apple Pencil.
 - [2] Settings > Bluetooth > find the Apple Pencil and tap "Disconnect".
 - [A] Tap on the previously connected pencil and select 'Forget This Device'.
 - [B] Disable Bluetooth connection on your device.

Power On/Off

1. **Power On:** Press the power button. When the screen lights up, the stylus is activated.
2. **Power Off:** With the stylus powered on, pressing the power button again will turn off the stylus.

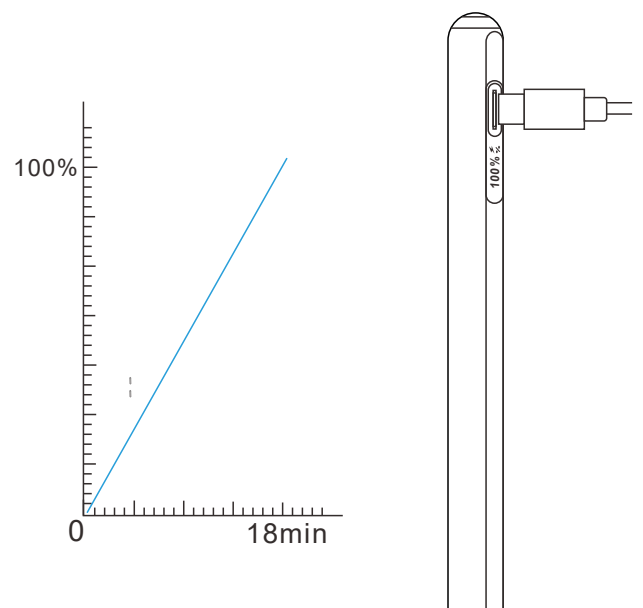

Auto Sleep Feature

1. **Entering Sleep Mode:** If the stylus is not used while powered on, it will automatically enter sleep mode after 10 minutes. The display screen will turn off in the final minute.
2. **Waking from Sleep:** The stylus will automatically wake up and enter working mode if it is used within 10 minutes of entering sleep mode.
3. **Automatic Shutdown:** If the stylus remains unused for more than 10 minutes, it will automatically turn off to conserve battery life.

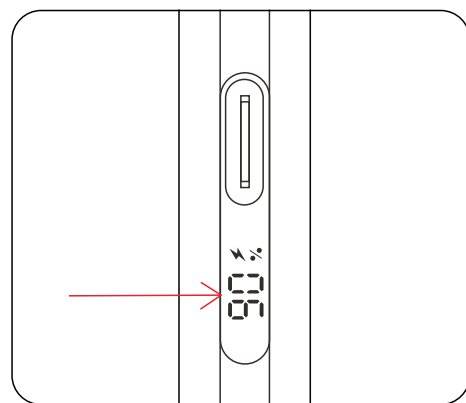

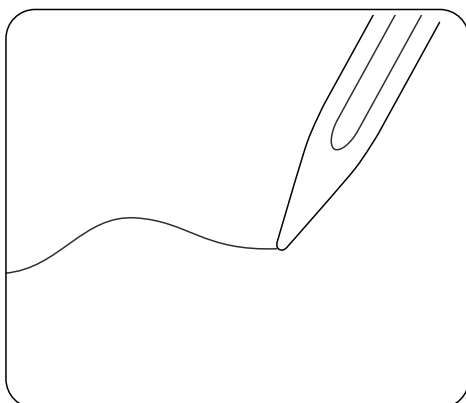

Fast Charging Feature

1. **Connecting the Charger:** Plug the charging cable into the charge port of the device.
2. **Monitoring Charge Status:** The battery indicator on the screen will flash during charging. When the display shows 100 %, the device is fully charged.
3. **Charging Duration and Usage:** Charging typically takes only 18 minutes, and the device can be used continuously for up to 15 hours once fully charged.

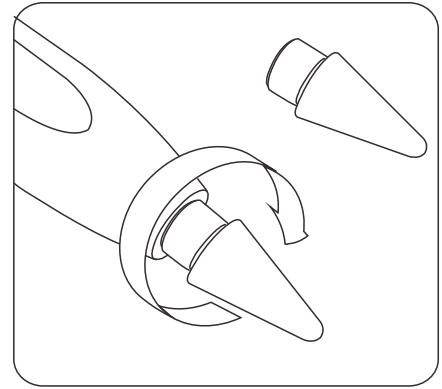

OLED Feature

The stylus features an OLED screen that provides real-time display of the battery level and charging status, ensuring continuous monitoring of its power state.

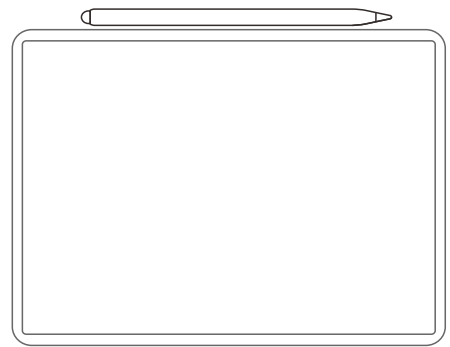

Replaceable Nib

The stylus features a removable and replaceable tip, allowing for easy maintenance and extended usability.

Magnetic Attachment Feature

The stylus is equipped with a magnetic attachment feature, allowing it to securely attach to the side of iPads with magnetic capabilities for convenient portability.
