Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

## **Features**

1. The Powerology Power Strip provide ultimate convenience for workspaces and home appliances, electronics, and more.
2. Equipped with USB-A and USB-C charging port, this power strip offers fast charging for devices such as smartphones, laptops, digital cameras, and more, with smart IC technology that automatically adjusts the charging rate.
3. The Power Indicator lets you know when the power is active without causing a bright light in the dark.
4. The power switch allows you to turn off the power when the power socket is not in use, ensuring energy efficiency.
5. A non-slip mat is provided with 4 anti-skid pads at the bottom of the power strip to ensure its stability and prevent slipping.
6. There are notches on the back of the power strip, allowing for attachment to the wall, saving space and keeping the area neat.
7. The power strip is made from fireproof material.

## **Warning**

1. The power of all devices you connect should not exceed the 3250W (13A) rated power. Please check the rated power before using high-power devices, such as air conditioners, microwaves, and hair dryers.
2. Keep away from children, pets, and infants.
3. Do not use the power strip in a damp or wet environment.
4. Do not handle the device with wet hands.

5. Do not cover the power strip with anything to avoid overheating.
6. Do not disassemble or modify the product by yourself.
