## **Statement**

Use of the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements. Apple is not responsible for the operation of this device or use of this product or its compliance with safety and regulatory standards. Apple, Apple Find My, Apple Watch, Find My, iPhone, iPad, iPadOS, Mac, macOS and watchOS are trademarks of Apple Inc., registered in the U.S. and other countries. IOS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license.

## **Getting Started**

Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference. Carefully remove the product from its packaging. It is suggested to retain the packaging materials.

## **Key Features**

1. A convenient tool to help locate your lost items quickly.
2. Easily track your items using the Apple Find My App on your devices.
3. Find your item from any Apple device, whether it's an iPhone, iPad, iPod Touch, or Mac.
4. Easily attach it to your essentials and start locating them directly

from the App.

- 5. Enjoy long-lasting use with a rechargeable battery.
- 6. Seamlessly integrates with Siri for hands-free control.

## Safety Instructions

- 1. Keep the unit away from heat sources, direct sunlight, water, and other liquids.
- 2. Do not operate the unit if it has been exposed to water, moisture, or any other liquids to prevent damage.
- 3. Do not use the unit if it has been dropped or damaged in any way.
- 4. Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may pose serious risks.
- 5. Only use this unit for its intended purpose.
- 6. Keep the product out of reach of children.
- 7. This appliance is not a toy.

## Specifications

Battery Capacity	100mAh
Standby Time	Up to 8 Months
Bluetooth Version	V5.3
Transmission Distance	10M
Compatibility	iOS 14.5 and Above

Water-Resistant Rating	IPX8
Wight	12.4g
Size	54 x 1.6×85.6mm

## Schematic View

## Charging Guide

1. When the battery is low, charge it using any wireless charger that supports the Qi standard.
2. The Smart Finder features a built-in, rechargeable 100mAh Lithium Polymer battery.
3. The LED light will turn red during charging and change to green once fully charged.

# Instructions for Use

## 1. Switch on/off the unit

**1.1 Switch on:** Press the function button briefly. You will hear a chime, indicating that the unit is powered on and in pairing mode.

**1.2 Switch off:** Press and hold the function button for three seconds until you hear two beeps, indicating that the unit is powered off.

## 2. Add Your Smart Finder to the Find My App

**2.1** Open the Find My app on your supported iPhone, iPad, iPod Touch, or Mac computer.

**2.2** Allow notifications from the app.

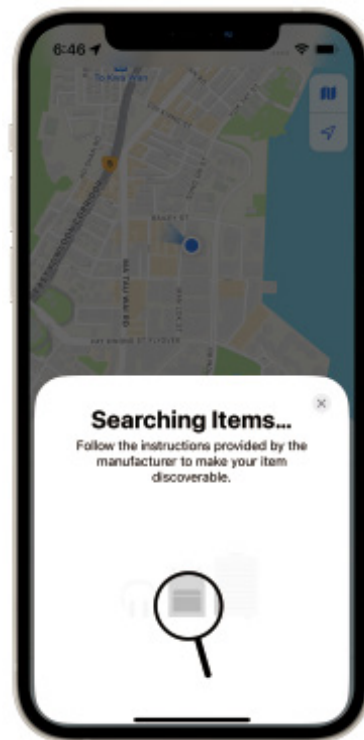

**2.3** At the bottom, select Items, then tap Add Other Item or directly tap the "+" icon.

## 2.4 Choose Other Supported Items from the list.

## 2.5 Ensure your Smart Finder is close to your phone. It will display "Searching Items."

**2.6** pop-up will appear with "PPBCHAX." Tap Connect.

**2.7** Follow the pop-up to enter the name, select an emoji to represent the item, and tap Continue.

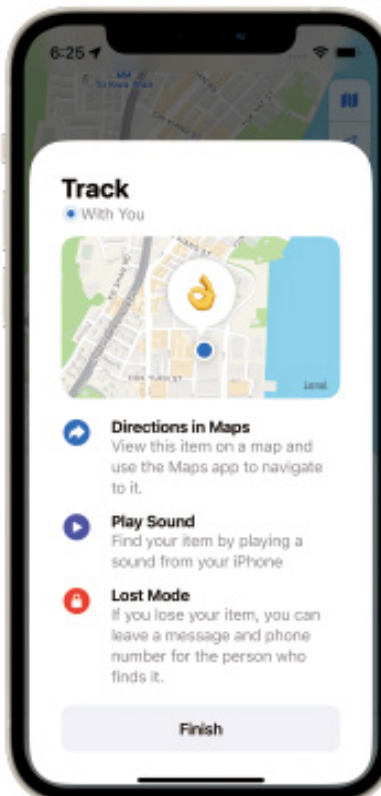

**2.8** When the "This Item Is Linked to Your Apple ID" pop-up appears, tap Agree.

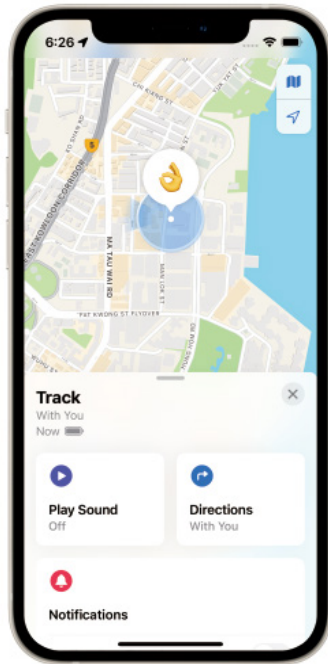

**2.9** Tap Finish to complete the setup of your Smart Finder.

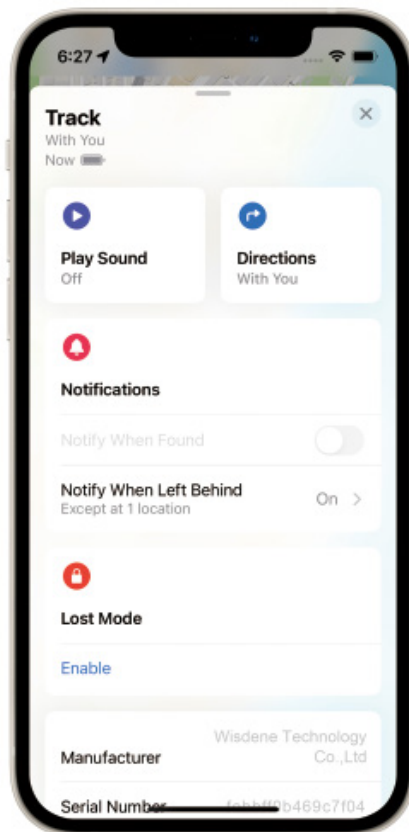

## Function Introduction

1. Find Items: Tap Play Sound to make your Smart Finder beep when it's nearby.
2. Find Your Item's Location: Your Smart Finder's last known location will appear on the map with the emoji you selected during setup. Tap Directions to navigate to the last known location.

## Notification Setting

1. Enable the "Notify When Found" toggle. When your Smart Finder's location is detected by another Find My enabled device, you will receive a notification with the updated location.
  2. Enable the "Notify When Left Behind" toggle. You will receive a notification when you leave your Smart Finder behind and it is no longer in range of your device.
- Note:** The "Notify When Found" feature can only be activated when your Smart Finder is out of range.

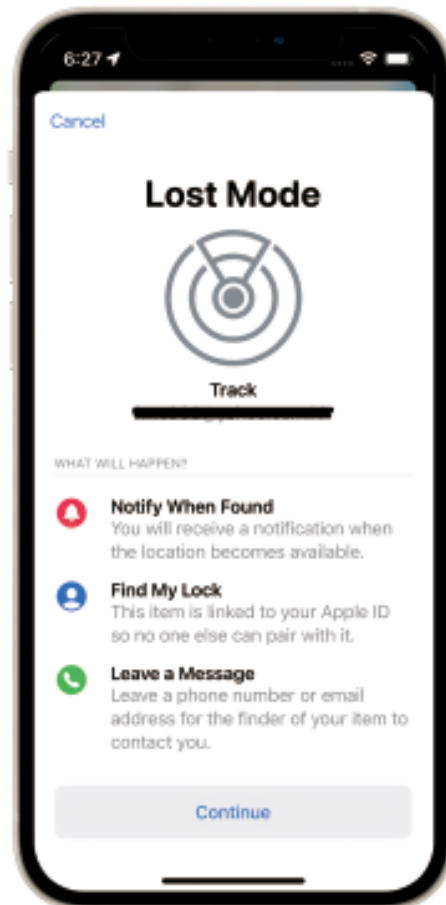

## Lost Mode

1. When your Smart Finder is lost and you activate "Lost Mode", tap the "Enable" tab. A screen will appear calling Lost Mode, tap "Continue". You can enter your phone number or email address and tap "Next".
2. You can also enter a message that will be shared with the person who finds your Smart Finder.
3. Tap "Activate" to enable Lost Mode.

### Note:

When Lost Mode is enabled, "Notification When Found" is automatically turned on.

When Lost Mode is enabled, your Smart Finder is locked and cannot be paired with a new device.

## Rename Item

You can rename your Smart Finder device.

## Remove Item

1. Ensure that "Lost Mode" is disabled, then click "Remove Item". After selecting this option, a confirmation pop-up will appear with "Remove Item?". Click "Remove" to reset the device.
2. The Smart Finder is now reset and ready to be paired with a new device.

## Share This Item

1. Tap "Add Person" to share the item.
2. Tap "Continue" and select the people you want to share with.
3. Tap "Share" and wait for the selected people to confirm your invitation.
4. Others can also locate this item, but tracking notifications will be muted.

**Note:** This feature is available for iOS 17 and above.

## **System Requirements and Compatibility**

1. Apple ID
2. iPhone models with iOS 14.5 or later
3. iPad models with iPadOS 14.5 or later

## **About the Find My App**

1. The Apple Find My network provides a simple and secure way to locate this item using the Find My app on your iPhone, iPad, Mac, or the Find Items app on Apple Watch.
2. To use the Apple Find My app to locate this item, the latest version of iOS, iPadOS, or macOS is recommended. The Find Items app on Apple Watch requires the latest version of watchOS.

## **Additional Information**

1. This item can be found by its owner using the Find My app. For more information, follow the instructions below.
2. Locate the button on the side of the device.
3. Press the button twice. You will hear a confirmation sound.

## **How to Disable**

1. Find the button on the side of the device.
2. Press and hold the function button for three seconds until you hear two beeps. This will stop sharing the location of your Smart Finder.

## **Factory Reset**

1. Press the button four times rapidly, then hold it for a fifth time until you hear a ringing chime.
2. A reset operation is required to re-enable the device to enter pairing mode again. This includes synchronization with Find My, which requires unbinding the previous connection, and re-binding the new Apple ID account.

## **Malicious Tracking Safety**

If someone else's device mixes with your belongings and tracks it over a period of time, you will be reminded in the following ways:

2. If you have an iPhone, iPad, or iPod Touch (or any Apple device), you will receive alerts on your Apple device. This feature is available on iOS or iPadOS version 14.5 or above.
3. If someone else's device finds its way into your belongings, your iPhone will notice it is traveling with you and send you an alert. After a while, if you still have not found it, the Smart Finder will start playing a sound to help you locate it.

## **Important Tips**

When pairing a device with the Find My app, the phone will link to the Apple server. Pairing may fail due to network issues. The following actions are recommended:

- a. Change the phone's network, such as switching between Wi-Fi and mobile data. The first pairing may take some time, so please

be patient.

**b.** Reset your Smart Finder.

**c.** When "Lost Mode" is enabled, DO NOT REMOVE ITEM in the app. This item will be locked and cannot be paired with a new device. Use of the "Works with Apple" badge indicates that a product is designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

Apple, Apple Find My, Apple Watch, Find My, iPhone, iPad, iPadOS, Mac, macOS, and watchOS are trademarks of Apple Inc. iOS is a trademark or registered trademark of Cisco in the U.S. and other countries, and is used under license.

## **Care and Maintenance**

**1.** To ensure your unit lasts for many years, please follow these guidelines:

**2.** Keep the unit away from liquids, moisture, and humidity to protect its internal circuits from damage.

**3.** Avoid using abrasive cleaning agents when cleaning the unit.

**4.** Do not expose the unit to extreme temperatures, as this can shorten the lifespan of the electronics, damage the battery, or distort plastic parts.

**5.** Never dispose of the unit by fire, as it could cause an explosion.

**6.** Keep the unit away from sharp objects to avoid scratches or other damage.

**7.** Do not drop the unit, as it can damage the internal circuitry.

**8.** Avoid disassembling the unit yourself, as doing so can cause damage if you're not a professional.

## **FCC Instructions**

**Caution:** Any changes or modifications to this device not expressly approved by the party responsible for compliance may void the user's authority to operate the device.

**Note:** This product has been tested and found to comply with the limits for a Class B digital device, as specified in Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this product causes harmful interference to radio or television reception (which can be determined by turning the equipment off and on), the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the product and receiver.

Connect the product to an outlet on a different circuit than the one the receiver is connected to.

Consult the dealer or an experienced radio/TV technician for assistance.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference.

This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Caution:** Changes or modifications not expressly approved by the party responsible for compliance may void the user's authority to operate the product.

**Note:**

This equipment has been tested and complies with the limits for a Class B digital device, as outlined in Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. The equipment generates, uses, and can radiate radio frequency energy, and if not installed and used according to the instructions, may cause harmful interference to radio communications. However, no guarantee can be made that interference will not occur in a particular installation. If harmful interference to radio or television reception occurs (which can be identified by turning the equipment off and on), the user is encouraged to try one or more of the following corrective measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that

to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

This device has been evaluated to meet the general RF exposure requirements and can be used in portable exposure conditions without restriction.

FCC ID: 2A6W7-BL006

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website **powerology.me/warranty** and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
