Touch Area

Instructions for Use

1. After unboxing, remove the earphones from the charging compartment.
2. Remove both the left and right earphones and place them on a flat surface or in your hand. Wait for 3–5 seconds, and the earphones will automatically pair with each other. Then, search for the Bluetooth name "Pow_Nammos" on your phone and tap to connect.
3. Power On: Pick up the earphones, and they will automatically power on, pairing and connecting to previously paired devices.
4. Power Off: Place the earphones back into the charging compartment, and they will automatically power off and start charging.
5. Volume Down: Press and hold the left earphone to decrease the volume.
6. Volume Up: Press and hold the right earphone to increase the volume.
7. Activate Siri: Double tap either the left or right earphone to activate Siri.
8. Next Track: Triple tap the right earphone to skip to the next song.
9. Previous Track: Triple tap the left earphone to return to the previous song.
10. Play/Pause: Tap either the left or right earphone once to pause or play music.
11. Answer/End Call: Tap either the left or right earphone once to answer or end a call.

Charging Indicator Light

1. Charging the Earphones with the Charging Case: When the earphones are charging, the charging case will light up green. The light will turn off once the earphones are fully charged.
2. Charging with a Cable in the Charging Case: When charging the case via cable, the red light will flash. Once the charging case is fully charged, the red light will remain solid.

Note: Please ensure you use a 5V/1A charging cable or the included charging cable when using the product.

Safety Precautions

1. Ensure the headset is placed in the correct position for charging.
2. Do not expose the battery (or battery pack) to conditions such as direct sunlight, fire, or any source of excessive heat.
3. Prolonged listening to music at high volumes may cause hearing damage. Please adjust the volume to a safe level when using this device.
4. Avoid using the device during thunderstorms, as electrical storms can interfere with the device's operation and increase the risk of electric shock.
5. Do not disassemble or modify the headset for any reason, as this may lead to malfunction or damage.
6. Keep the device away from small children and pets.
7. Do not immerse the device in water.
8. Avoid using abrasive cleaners to clean the earphones.
9. Check the charging source before connecting the device to ensure compatibility.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website **powerology.me/warranty** and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
