Power On/Off

Power On: Press and hold the multifunction buttons on both temples for 3 seconds to power on.

Power Off: Press and hold the multifunction button on either temple for 5 seconds, and both temples will turn off simultaneously.

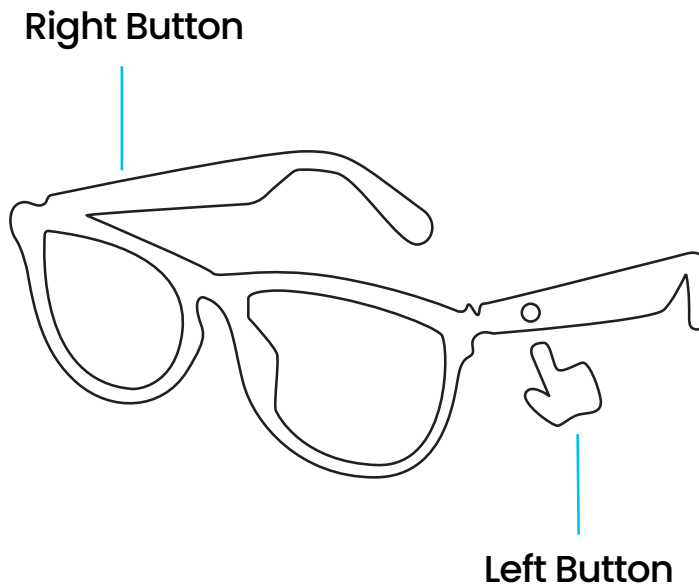

Pairing Guide

When the left and right temples are powered on, they will automatically pair with each other. To connect the Bluetooth glasses, enable Bluetooth on your phone and search for the Bluetooth name "PWHY1006".

Note: The smart glasses will automatically power off when charging. Once the charger is unplugged or the battery is fully charged, the glasses will automatically power on. The glasses will then automatically recognize and connect to the previously paired device.

Note: After powering on, pressing any temple consecutively 4 times will trigger a prompt in either Chinese or English.

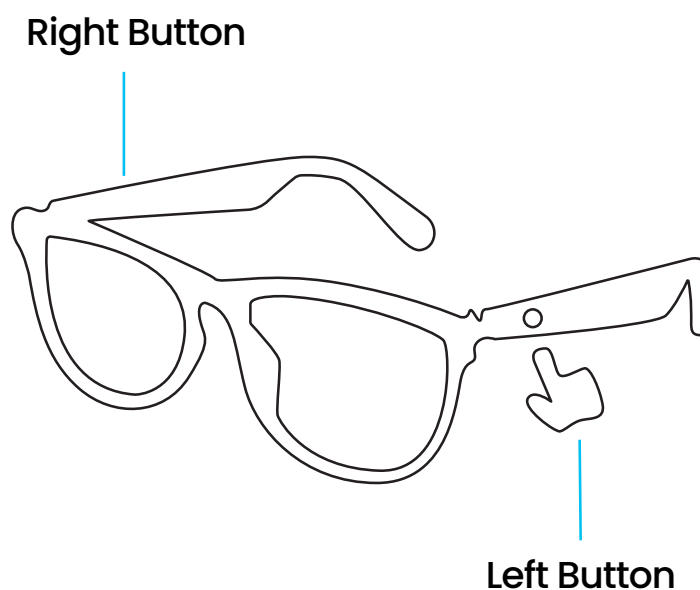

Music Playback

Pause/Play: Short press the left or right multifunction button once to pause or play music.

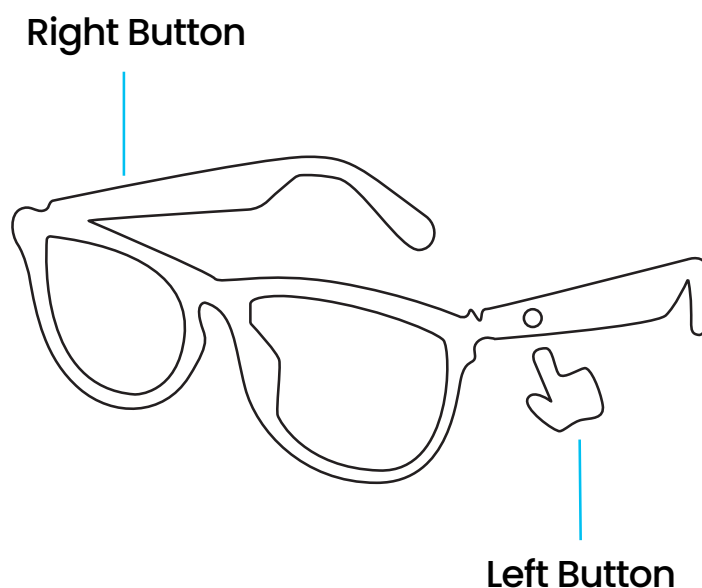

Previous Track: Short press the left multifunction button twice to skip to the previous track.

Next Track: Short press the right multifunction button twice to skip to the next track.

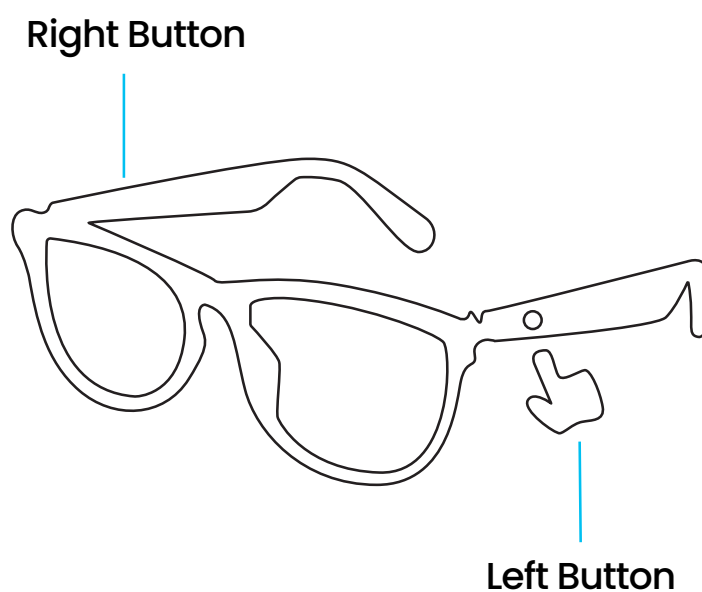

Remote Camera Shutter

Long press the right ear for 1 second to take a photo.

Voice Assistant

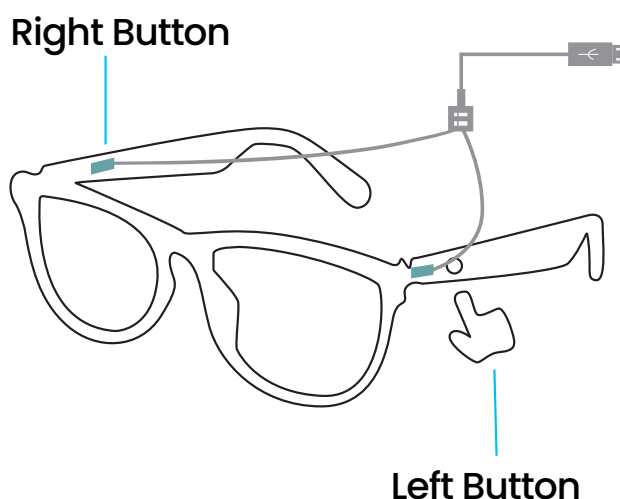

Activate Voice Assistant: Press and hold the left ear for 2.5 seconds to activate Siri.

Charging Guide

Connect the magnetic charging cable to the charging posts on the left and right temples to charge the glasses.

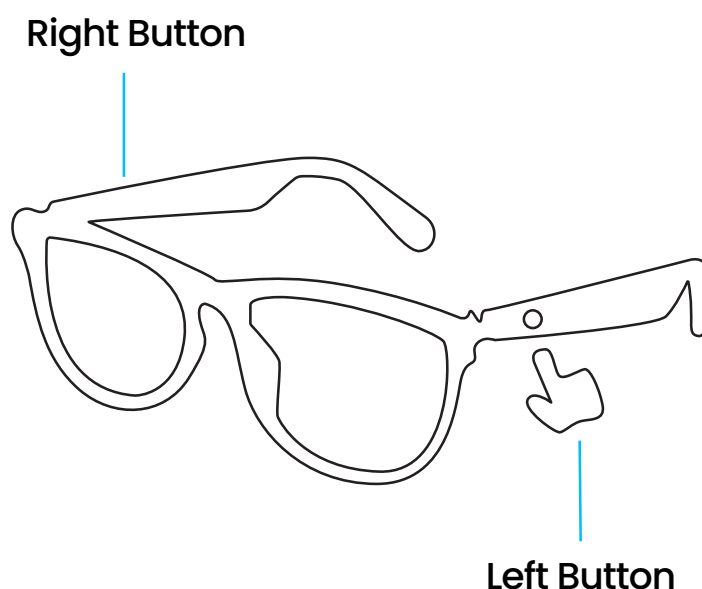

Note: The glasses will automatically power off during charging.

Call Management

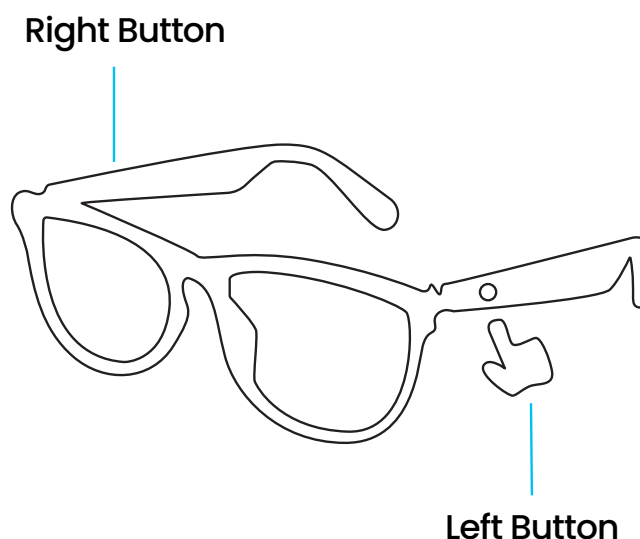

Answer/Hang Up Call: Short press the left or right multifunction button once to answer or end a call.

Reject Incoming Call: Press and hold the left or right multifunction button for 2 seconds to reject the call.

Intelligent Sleep Mode

The Bluetooth smart glasses will automatically power off after 5 minutes if they are not connected to any Bluetooth devices, such as mobile phones.
