Product Overview

The Powerology Halo Dual-Port GaN Charger is a high-performance, 70W charger that uses advanced GaN (Gallium Nitride) technology to deliver fast and efficient charging. With its compact design and retractable 80cm Type-C cable, it offers ultimate convenience for charging multiple devices simultaneously, including laptops. The charger features a smart power display that shows real-time power output, enabling users to monitor charging status with ease. The PD 70W output ensures fast charging, while the built-in safeguards protect devices from overcharging and overheating. With a 0-60% charge in just 35 minutes, the Halo Dual-Port GaN Charger is designed for users who need quick and reliable charging for their gadgets.

Specifications

Model	PWCUQC051
Input	110-240V
Rated Frequency	50/60Hz
USB-A Output	5V/3A, 9V/3A, 12V/3A, 20V/3A, 60W
USB-C Cable(C1) Output	5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A, 20.3V/3.45A, 70W Max

USB-C2 Output	5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A, 20.3V/3.45A, 70W Max
USB-C Cable(C1)+USB-C2 Output	45W+25W
USB-C Cable(C1)+USB-A Output	45W+18W
USB-C2+USB-A Output	5V/3A
USB-C Cable(C1)+USB-C2+USB-A Output	45W+15W
Retractable Cable Length	80cm
Product Dimension	50 x 55×57mm

Product Features

- a. GaN Technology:** Ensures efficient and fast charging with less heat generation.
- b. Dual USB Ports:** Allows charging two devices simultaneously, including laptops.
- c. Smart Power Display:** Shows real-time power output for easy monitoring of charging status.
- d. PD 70W Output:** Provides fast charging with up to 70W of power for compatible devices.
- e. 80cm Retractable Type-C Cable:** Convenient and tangle-free cable that retracts when not in use.

f. Built-in Safeguards: Protects devices from overcharging, overheating, and short circuits.

g. 0–60% Charge in 35 Minutes: Charges devices quickly, making it perfect for busy users on the go.

Built-in safeguards provide protection, ensuring safe and reliable charging. The charger is compatible with a variety of devices, including smartphones, tablets, and more.

Safety Precautions

- 1.** Do not exceed the maximum power output to prevent overheating and damage.
- 2.** Ensure the charger is used in a well-ventilated area to prevent overheating.
- 3.** Always use certified cables for optimal charging performance and safety.
- 4.** Disconnect the charger from the power source when not in use to prevent any risk of damage.
- 5.** Avoid using the charger near water or in wet environments to prevent electrical hazards.
- 6.** Regularly check the charger for signs of damage, such as frayed cables or exposed wiring, before use.
- 7.** Ensure the charger is used only with devices that support the specified charging parameters.
- 8.** Do not drop or apply heavy pressure to the charger to avoid internal damage.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website [**https://www.powerology.me/warranty**](https://www.powerology.me/warranty) and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
