## Product Overview

The Powerology Voltflow GaN Wall Charger offers high-power fast charging with a sleek design and advanced GaN technology. Featuring four USB ports, including PD 140W, it supports multiple device charging simultaneously, ensuring rapid power delivery. The charger incorporates AI temperature control for optimal temperature regulation and operates efficiently in cold environments. Its smart TFT display shows real-time charging status and power distribution, while the foldable plug makes it convenient for on-the-go use. With international standard compliance, this charger is both reliable and versatile for everyday use.

## Specifications

Mode	PWGAN140W
