Product Overview

The Powerology Lovanni AI Smart Glasses combine cutting-edge technology with stylish design, offering an immersive and interactive experience. Powered by AI, these smart glasses feature a high-resolution 32MP camera capable of capturing stunning photos and recording 30fps video with software anti-shake. The built-in AI voice assistant allows for hands-free control and real-time object recognition, making daily tasks easier. Additionally, the glasses provide immersive stereo audio with dual 3W stereo speakers and ENC technology, ensuring clear sound for music, calls, and notifications. With wireless connectivity, the glasses effortlessly connect to devices, enabling file transfer and seamless media sharing. Ideal for those looking to merge fashion with advanced technology, the Lovanni AI Smart Glasses offer a truly innovative and practical wearable experience.

Long-press to activate/exit.

Connection Guides

These smart glasses are independent devices, but many of their functions require a connection to a phone for full use. To get started, simply scan the provided QR code, select the appropriate system version, and download the app "HeyCyan" directly to your phone

Hey Cyan

use QR code from
the package

To connect via Bluetooth, open the installed app and follow the prompts to complete registration. Then, select "Home" and click "Connect Device". Choose the detected device name (Q8), and once you hear a ding sound, the connection will be successful.

Important Notes

This product supports photography and video recording, but these functions consume relatively high power. When the battery level drops below 15%, the device will disable photography and video recording functions. When the battery level drops below 20%, the device will pause data transmission to the phone. After charging, these functions can be restored.

This product supports Wi-Fi data transmission to the phone and storage. This feature requires the phone to grant the app the necessary permissions. (Please make sure to turn on your phone's Wi-Fi before transferring files.)

Safety Precautions

1. Do not charge the device in environments with water stains or humidity.

2. Use the charging cable provided with this product for charging.

This product is made of soft materials. Handle with care and avoid dropping or impacting it. If any damage is detected, handle with caution to avoid injury.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website **<https://www.powerology.me/warranty>** and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
