Product Overview

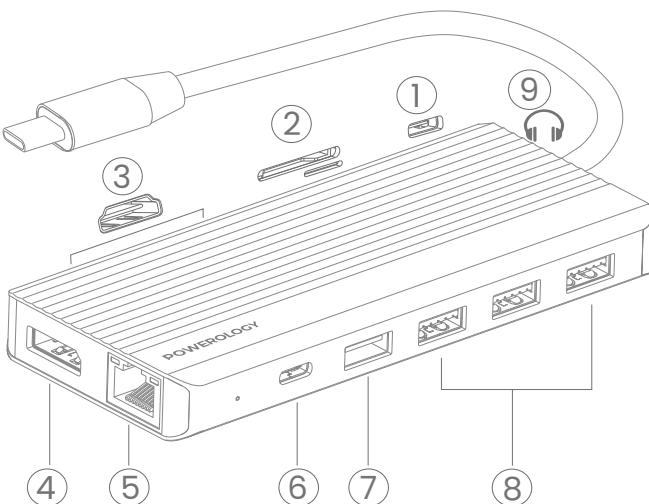

The Powerology 13-in-1 USB-C Hub with Dual HDMI and DisplayPort is an advanced multi-functional hub designed to enhance your connectivity and display options. Featuring ultra-fast USB 3.2 at 10Gbps and Power Delivery (PD) of up to 100W, this hub allows you to connect multiple devices simultaneously with ease. The dual HDMI ports and DisplayPort support 4K Ultra HD resolution, offers crisp and vibrant visuals for both work and entertainment. With additional support for SD and MicroSD cards, as well as triple display capabilities, this hub ensures versatile connectivity for a wide range of applications. Compact yet powerful, it's the ideal solution for anyone looking to enhance their device's capabilities while maintaining high performance and reliability.

Specifications

Material	Aluminum
USB-C Input	100W Power Delivery
USB-C Data	480Mbps
USB-A Data	3x v3.2 10Gbps Super Speed
USB-A Data	1x v2.0 480 Mbps
HDMI	2x 4K UHD @ 60Hz
DP	4K UHD @ 60Hz
Memory Cards	SD & Micro SD
Audio	3.5mm AUX Jack
Ethernet	RJ45 1000Mbps
Compatibility	Android, iOS, Windows, Mac
Dimensions	15 x 58 x 130mm
Model Number	P131HBC

Connection Ports

Input		USB C
Interface	①	USB-C PD 100W Charging Port
	②	Card Slot : SDXC & Micro SD Cards
	③	HDMI: 4K@60Hz
	④	DP : 4K@60Hz
	⑤	Gigabit Ethernet: 10 / 100 /1000 Mbps Bandwidth
	⑥	USB C Port : High Speed Data Transmission
	⑦	USB A 2.0 Port : High Speed 480Mbps Data Transmission
	⑧	USB A 3.2 Ports : Super Speed 10Gbps Data Transmission
	⑨	Audio Jack (3.5mm)
Application		PC/Tablet/Mobile Phone
Product size		15X57.5X130 (mm)

Product Features

- a. 100W Power Delivery (PD):** Allows fast charging for connected devices while supporting high-power input and output.
- b. USB 3.2 Connectivity :** Offers high-speed data transfer up to 10Gbps for efficient file transfers and seamless performance.
- c. Dual HDMI Ports:** Supports up to 4K Ultra HD resolution, enabling connection to multiple monitors for an enhanced viewing experience.
- d. DisplayPort Support :** Provides an additional display connection option, supporting triple display setups for multitasking or entertainment purposes.
- e. SD/MicroSD Card Slots :** Conveniently supports data transfer from SD and MicroSD cards, ideal for photographers and content creators.
- f. Ethernet Port:** Gigabit Ethernet support for stable and high-speed wired internet connections.
- g. Compact and Durable Design :** A sleek aluminum body that ensures durability and effective heat dissipation for long-term reliability.
- h. Versatile Ports :** Includes a range of USB-A ports for peripheral device connections, such as keyboards, mice, and external drives.
- j. Plug-and-Play Functionality :** No drivers needed for installation, making it user-friendly and compatible with a variety of devices.
- k. Triple Display Support :** Expand your workspace by connecting up to three external displays, perfect for productivity, gaming, and content creation.

FCC Statement

- 1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:**
(1) This device may not cause harmful interference; and
(2) This device must accept any interference received, including interference that may cause undesired operation.
- 2. Changes or modifications not expressly approved by the party**

responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

IC Caution Statement

Radio Standards Specification RSS-Gen, Issue 5 – English:

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s).

Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

Radio Standards Specification RSS-Gen, Issue 5 – English:

Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

RF Exposure Statement:

The device has been evaluated to meet the general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

French:

Cet appareil contient des émetteurs/récepteurs exemptés de licence conformes aux RSS d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes :

Cet appareil ne doit pas causer d'interférences.

Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Déclaration d'exposition RF :

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé dans des conditions d'exposition portable sans restriction.

Safety Precautions

1. Always handle the hub carefully to avoid physical damage. Please do not drop the hub or put it under excessive force.
2. Ensure the power supply is within the recommended range (100W PD), as using incompatible chargers or power sources may damage the hub and connected devices.
3. Keep the hub in a well-ventilated space and avoid covering it with items or placing it on soft surfaces that could block airflow and cause overheating.

4. Only connect compatible devices to the hub. Using devices with higher power or incompatible interfaces may cause malfunction.
5. Ensure that cables are securely connected and check that they are not excessively bent or twisted, to avoid damaging the cables or ports.
6. Keep the hub away from moisture, water, and high-humidity environments to prevent electrical short circuits or damage.
7. Always safely eject any connected storage devices, such as SD cards or external drives, before disconnecting the hub to avoid data corruption.
8. When cleaning the hub, use a dry, soft cloth and avoid using liquids or abrasive materials, as they can damage the surface or components.
9. Keep the hub out of the reach of children to prevent accidents.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website <https://www.powerology.me/warranty> and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
